

Transportation Operation & Management, LLC

has openings for the following:

Tunnel Emergency Response Team (ERT) – Operations Members

ENTRY LEVEL POSITION – the preferred candidate will have requirements as listed below:

The ERT Operations Personnel are multi-trained employees under supervision, who perform high level service and task work to assure continued safe flow of traffic through road transportation tunnels. The ERT personnel are charged with many aspects of janitorial and grounds keeping and general maintenance as assigned for the portal buildings, tunnels and appropriate outdoor sites. The ERT members provide emergency response to fire, hazardous material spill incidents, emergency medical response for illness and traumatic injuries, and rescue operations as necessary. ERT members respond to all emergencies in a safe and expedient manner and complete all documentation legibly and correctly. Must be able to carry at least 50 lbs and be able to walk an average of one mile and multitask at the same time.

Requirements:

- 12 hour shifts; 4 days on 4 days off once training is complete. Shifts do not rotate
- Provides work as required for monitoring traffic, setting portable traffic control devices for bore and lane closures as needed
- Provides high quality of service to the travelling public and assists motorists in and near the vicinity of the tunnel areas and ensure roadways are clear and safe.
- Performs various grounds keeping chores, janitorial maintenance, and other work as needed to ensure cleanliness and safety of the tunnel and associated worksite.
- Performs emergency response for fire and rescue services, including use of heavy hydraulic and pneumatic power and hand tools, water and foam firefighting systems, and associated equipment while wearing prescribed personal protective equipment and SCBA as indicated.
- Operates Emergency Response vehicles under stressful and extreme conditions
- Computer literacy; Windows-based software programs and ability to learn and utilize site-specific software as needed
- Knowledge of service area and tunnel operations
- Responds in wrecker and heavy-duty wrecker to stalled, wrecked, or abandoned vehicles to push or tow for roadway clearance.
- Must undergo criminal background check, drug screening, and Division of Motor Vehicle check as condition of employment.
- Must maintain credentials once they are obtained and participate in all required training, drills and exercises as assigned.

Training and Experience:

- High School Graduate or GED
- Computer Skills
- Current CPR for Healthcare Providers
- Valid Driver's License – CDL strongly desired

- Firefighting, Hazardous Materials Operations, Vehicle Extrication, Emergency Vehicle Operations training
- Training in various tunnel systems

Crew Operations Member

This position requires candidates to follow verbal and written instructions and to perform as a member of a team and as an individual. Operation of a Truck Mounted Attenuator (TMA) and assist with setting up and taking down lane closures within the tunnels and on the interstate. Must be able to carry at least 50 lbs and be able to walk an average of one mile and multitask at the same time. Crew Members will also escort other contractors within the tunnel facilities and must be able to work days or nights depending on the operation that is taking place.

We offer competitive salaries and an excellent benefits package.

TOM ensures non-discrimination and equal employment opportunity in all programs and activities in accordance with Title VI of the Civil Rights Act of 1964. We are proud to be an EEO/AA employer.
